

Welcome to the Swedish Section at Dubai International Academy!

We provide Swedish students with a possibility to study Swedish and social sciences for four hours per week during school time. The teaching is given by a qualified Swedish teacher in accordance with the Swedish curriculum, LGR11, while adapting it to fit within DIAs IB curriculum and its Units of Inquiries.

The mother tongue plays a very important part in a child's identity and self-esteem and it provides the basis for the child's ability to learn also the child finds it easier to learn their second language and other school subjects.

Our current students enjoy this opportunity to be part of their academic week within DIA.

We look forward to hear from you!
